# SOUP BANK

---

We are driven by the idea that everything starts with proper nourishment and believe we can fuel bodies and minds with quality food - in an affordable way. That is why we created Canada's only Soup Bank, a social enterprise model delivering quality meals nation-wide.

The Soup Bank is available to any Canadian frontline organization, big or small, looking for a way to reduce food costs and staff time while still providing quality food to their clients. The agencies and schools who receive our delicious, heat-and-serve, ready-to-eat, tell us our wholesome soups positively impact their clients' and students' physical and mental well-being.

---

*"The whole process is easy for our staff. From ordering, to pick-up to simply thaw and serve. Students and staff agree it's delicious and filling! You can see and taste it's full of quality ingredients. Ultimately it's about how much our students love Soup Sisters Soup Day!"*

---

- Each family-size soup bag is 4 lbs
- Bags are flash frozen flat for easy transport and storage.

- Chili

*"We can't make it for the price we can buy it at from the Soup Sisters Soup Bank. The cost to buy all the ingredients, when prices are going up all the time, the time to prepare, it all adds up."*
